ILLINOIS DEMOCRATS

STATE CONVENTION MEETING AT SPRINGFIELD TO DAY.

HEARST AND HARRISON

They Have Made An Alliance And Will Likely Be Able To Control The Convention.—There May Be Two Conventions.

Springfield, Ill., June 14.—The plan of John P. Hopkins of Chicago and a majority of the members of the state central committee to make F. P. Quinn temporary chairman of the Democratic state convention which meets today, has forced the Hearst and Harrison factions into an alliance, defensive and offensive. The deal is advantageous to the Harrison people, for while they have about one-fifth as many delegates as Hearst they are to have half the delegates at large to the national convention and an equal voice in naming the candidates for state offices, providing the alliance is able to control the convention as the leaders express confidence in doing. The Harrison people on their part have agreed to vote for an instructed Hearst delegation and the withdrawal of Congressman James R. Williams for the presidential race.

The situation was made more complex this morning by the announcement of Congressman Williams that he was not inclined to withdraw. There is talk of two conventions to be held in the same hall in the event of the Hopkins people being able to prevent a roll call. It is certain that Hearst and Harrison can control the convention if they ever get a roll call, and equally sure that Hopkins will rule as long as he prevents a roll call.

The convention was called to order at noon, and State Chairman Hopkins introduced Quinn as temporary chairman. Quinn ordered a roll call of districts for the caucus selections of members of the state committee. During the roll call a delegate from the third district shouted, "There is a contest in the third district." The chairman paid no attention, and the shout was taken up and the third district people worked themselves into a frenzy. The chairman, however, quietly ordered the roll called. After the roll call the convention took a recess until 3:30.

ARKANSAS DEMOCRATS.

Nothing to do but Ratify the Work of the April Primaries.

Hot Springs, Ark., June 14.—The Democratic state convention was called to order here today. The work of the convention will consist of a ratification of the results of the April primaries. Governor Jeff Davis will be re-nominated, and the delegation to the St. Louis convention will probably be instructed to vote for W. R. Hearst.

QUESTIONS OF INTEREST.

Who Will be the Next Commander of U. C. V. and What the Permanent Reunion City.

Nashville, Tenn., June 14.—The questions of greatest interest before the convention of United Confederate Veterans which met here today were who will be the next commander in chief, and will there be a permanent reunion city chosen. Gen. Stephen D. Lee, who is now filling out the unexpired term of Gen. John B. Gordon, seems to have the support of nearly everybody, but some opposition has sprung up, mainly in the Texas delegation. The Texans want Gen. Cabell for commander in chief, and one of the arguments is that Gen. Lee is now filling a government position. Lee is one of the Vicksburg National Military Park Commissioners, but his friends say that is no objection and they will stand by him.

Jefferson Davis memorial services were held today. The memorial address was delivered by Bishop Gailor of the Episcopal diocese of Tennessee. The United Sons of Confederate Veterans also convened today. U. S. Senator William B. Bate delivered the address.

FOOD FOR POWDER

RUSSIA CALLS OUT ADDITIONAL RESERVES.

JAPS ARE ACTIVE

They are Advancing Northward.—Another Mine Explodes, Killing Nineteen and Wounding Nine.—Supplies for Port Arthur Seized.

St. Petersburg, June 14.—The war office has adopted the recommendations made by Lieutenant Botkin embodying the use of the U. S. army model tents. These are convertible into ponchos for the protection of the troops during the rainy season. Orders have been telegraphed to Manchuria to equip as ponchos the ordinary tents now in use so as to protect the men from rain during the day without impeding their movements and to afford them shelter at night.

The Novoe Vremya's military expert authoritatively denies the report that General Stakelberg is on the march south. He declares that the only Russian forces on the Liao Tung peninsula above Port Arthur consist of cavalry and railroad guards and adds that it is scarcely possible to interfere with siege operations before Port Arthur. The chief mission of the Russian cavalry detachment, he says, is to hamper the movements of the Japanese columns from south to the north. The calling out of the army reserves in Kazan, Kieff and Moscow military districts was announced today. This step is for the purpose of filling up the skeleton reserve corps and to replace the regular troops already gone or going to the front. It also foreshadows the dispatch of four Volga corps which was predicted a month ago. The latter would give General Kuropatkin two hundred thousand more men.

The Japanese are displaying activity at all their advance posts according to information in possession of the war office. Two divisions of the enemy are now marching north along the railroad toward Vafangow, (25 miles above Kinchou). They are having constant skirmishes with the retreating Russians, but the advance is not being seriously contested. Although it is yet too early to determine the exact purpose of the advance it is the presumption of the general staff that the northward movement is intended to effect a juncture.

Tokio, June 14.—While the Toipoku was engaged in laying mines at the entrance of Port Arthur last night a mine exploded killing one officer and 18 men and wounding two officers and seven men. The vessel, a naval transport, was not seriously damaged.

Che Foo, June 14.—A fleet of junks loaded with flour and rice for Port Arthur was seized off this port yesterday by the Japanese. The Japanese have complained to Tao Tai of Che Foo that foreign merchants here are shipping goods to Port Arthur and that the Russians have established at Che Foo a station for receiving from Port Arthur wireless messages. Evidence of the existence of this wireless station is lacking.

How many people are aware of the fact that today is the 127th anniversary of the Stars and Stripes? May they forever float over the land of the free and the home of the brave.
